Narrative

Describe what you want to do, why it is important to you, and how the workshop will contribute to the growth of your fiber knowledge and creativity.

With my signature I agree with the guild enrichment payback, which consists of the following options (please circle one):

1. Donate a project using the techniques learned worth \$50.00 to the SJWG to be sold at the Show and Sale with money earned to go back to the scholarship fund.
2. Present a program to the guild to share the new techniques learned. (The \$50.00 speaker's fee will be donated to the Scholarship fund.)

The above to be completed within one year of the date the workshop was attended.
